

! IMPORTANT: NOW LENDING NOTEBOOKS!

Dear parents and guardians!

At our school we now have several notebooks available for schoolchildren to borrow, which are intended to guarantee digital access to work materials during home schooling and in online lessons. Lending is free and requires that your child is registered at our school, does not have access to a digital device (PC, tablet or notebook) at home and that you have internet access in your household (e.g. to be able to access LernSax).

If you meet these requirements and would like to borrow a laptop, please contact Ms. S. Fischer from school social work, who coordinates the distribution of the laptops together with the office. You can reach Ms. Fischer by email at sfischer@46msdd.lernsax.de or by phone Monday through Thursday at 0351/46686060.

Signing a loan agreement is mandatory for borrowing.

With best regards

J. Preißiger

Headmaster/Principal
